

## CMPG214 Assignment 1 Reflection

Name: Alex von Allemann

Student Number: 55678580

What was the hardest to decide?

The main Symbol, being the ant. A symbol can be absolutely anything, but to find something that relates to your identity in multiple ways was tough to think upon.

What did you remove?

I originally was going to put glasses on the ant instead of boxing gloves, but felt the gloves had more meaning to my identity in the end.

What does this design say about you?

I believe it shows me as someone who is not the biggest physically but works hard like an ant regardless and focuses on challenging himself like a boxer.
